RE: All Kids Program

As you are aware, in November of 2005, Governor Blagojevich signed the All Kids Bill, making it possible for as many as 250,000 children in Illinois without health insurance to receive coverage. The All Kids program makes Illinois the first state in the nation to ensure that every child, regardless of medical conditions or income, has access to healthcare.

The purpose of this notice is to request your assistance in getting All Kids health coverage to every uninsured child in Illinois. Here are some suggestions on how you can help.

- ▶ Tell us about any All Kids Pre-Registration events that you are holding and we'll help you publicize them by adding them to the All Kids calendar. The All Kids event calendar can be found at: <http://www.allkidscovered.com/events.html>
- ▶ Put an All Kids banner on your Web site by going to: <http://www.allkidscovered.com/images.html>
- ▶ Visit the All Kids Web site to pre-register now. The All Kids online registration will be coming soon.

For additional information on the All Kids program, please visit the All Kids Web site at: <http://www.allkidscovered.com/> We deeply appreciate your participation in our programs.
